- 2) 1 Acre, or more, of treatable land

All gates, cables, ropes, etc. must be opened and/or removed from driveway in order to obtain access to the premises without exiting our vehicles. This form does not automatically accept your property for our "Off Road" program. A quick survey from our field technician will be the determining factor. IF your property is approved, a green stake will be placed near your driveway, please keep this free of grass & weeds so it may be used as an indicator to the drivers in the evening.

Any treatment request for more than just the driveway, requires a map of your property, please use a separate sheet of paper. The map must indicate the location of your septic/drain field, well head, or anything that may cause damage to your property or our trucks. The map will be used as a guide where not to drive. The route to be treated will be the discretion of the driver. All residents in our "off road" program will receive an automated call on the day we intend to spray, weather permitting.
